

PTN2882 Prismatic

Fabric Requirements:

9050M-49

5 ½ yard needed not 5 yard.

Cutting Instructions:

24458M-49:

- Cut ~~five~~ **four** 14-inch x WOF strips. Subcut sixteen 14-inch x 8-inch strips. (Piece A5/Piece B5)

Provided the patterns are printed/copied with to match the 1" registration mark, the measurements for the templates are:

- Each of the wedge templates (C and E) should be 26 ¾" on the long edge, 12 ¼" at the wide end and 2 ½" at the narrow end.
- Templates A & B are 6 ½", 10 ¾", 8 ¼", and 11 ¼", in order.
- The circle is 10 ½" in diameter. This can be adjusted as needed to cover the center of the medallion to ensure coverage of the opening. This circle is appliqued over the medallion, not set in.

Section A/B and D when complete are 12 ¼" at the narrow end and 10 ¾" on the sides.

The wedges should be approximately 36" on each long edge when complete.

The diameter of the medallion (16 wedges) is approximately 80 ½" when sewn together. As the medallion's edge is turned under before applique to the backing, the exact measurement does not need to be exact.
