

BOM Programs for Quilt Shops — Recolor & Crosswalk Service

Original fabric sold out? Your BOM program doesn't have to stop. Tourmaline & Thyme Quilts offers a digital recolor and fabric crosswalk service so your shop can keep running any of our Block of the Month patterns with a current collection — without starting from scratch.

Please note: A recolor is a 1-to-1 color substitution of the original design. A fabric map showing the original colors and their substitutions is included as an attachment. The pattern instructions will not be rewritten to specify new fabric names or SKUs — that level of revision is available as a separate service.

What's Included

- Digital 1-to-1 recolor of the pattern cover and quilt image to reflect your selected fabrics
- Fabric map crosswalk: original colors mapped to your new collection's fabrics (delivered as a PDF attachment)
- Recolored quilt image delivered as a JPG — ready for newsletters, social media, and in-store promotion
- Cutting instructions delivered as a PDF marked SHOP COPY
- One consolidated round of revisions, submitted within 7 days of delivery

Pricing

| Service | Price |

| Standard recolor + fabric map crosswalk (non-exclusive) | \$75 |
| Exclusive recolor — one shop, one collection, 12 months | \$150 |

* Standard recolors are non-exclusive — Tourmaline & Thyme Quilts may offer similar recolors to other shops. The free recolor included with qualifying wholesale orders of 25+ patterns is non-exclusive only. Exclusive recolors (\$150) guarantee no other shop receives a recolor of that pattern in that specific collection for 12 months and are available as a separate purchase only — they are never included free with wholesale orders.

How to Request

Step 1 — Email us

Send your request to ismith@tourmalinethymequilts.com with the subject line: *BOM Recolor Request*.

Step 2 — Tell us the pattern

Include the pattern name and number. Example: *Sweet Tea – TTQ-148*. We'll confirm availability for recolor.

Step 3 — Provide fabric details & images

Share the fabric collection name, manufacturer, and SKUs for the new colorway. Please include digital fabric swatch images or links to them (manufacturer website, wholesale portal, etc.) — this helps us match colors accurately and saves time on both ends.

Step 4 — Invoice & payment

We'll send an electronic invoice via Intuit for \$75 (or confirm your qualifying wholesale order). Work begins upon receipt of payment.

Step 5 — Delivery

Your recolored PDF and fabric map crosswalk will be delivered by email within 7–10 business days. One revision round included.
